

MÖLLER'S OMEGA-3 JELLY FISHES, ORANGE FLAVOUR, 36 JELLIES

MÖLLER's Omega-3 Jelly Fishes provide the daily intake of Omega-3 and vitamin D.

- Delicious gummy fish with a **tasty lemon and orange flavour**.
- **No artificial colours, no added sugar.**
- **Suitable even for people with allergies or intolerances to gluten and lactose.**
- Loved by children thanks to their **original, playful fish shape** and delicious orange flavour.

Delicious jelly fishes with Omega-3 and vitamin D

Möller's has been an expert in natural Omega-3 for over 170 years, with all its products meeting high quality standards.

Möller's Omega-3 Jelly Fishes contain **natural essential Omega-3 fatty acids (DHA and EPA) and vitamin D**, with a delicious lemon and orange flavour.

Benefits

- **EPA and DHA** contribute to the normal function of the **heart***.
- **DHA** contributes to the maintenance of normal vision and normal **brain function****.
- **Vitamin D** contributes to the normal function of the **immune system** and to the maintenance of **normal bones and teeth**. Vitamin D contributes to the normal absorption and utilisation of calcium, thereby contributing to the maintenance of normal bones.

** The beneficial effect is obtained with a daily intake of 250 mg of EPA and DHA.*

*** The beneficial effect is obtained with a daily intake of 250 mg of DHA.*

MÖLLER's Omega-3 Jelly Fishes support healthy growth and normal brain development.

DHA is one of the main structural components of the brain and plays an important role in its optimal function, as documented by clinical research.

Möller's Omega-3 Jelly Fishes contain a **high concentration of DHA**, actively contributing to normal **brain development and normal vision**.

Vitamin D contributes to the normal absorption and utilisation of calcium and phosphorus and supports the maintenance of normal bones.

Norwegian quality since 1854.

Möller's is a guarantee of high-qualitative products.

Möller's jelly fishes contain Omega-3 from **pure fish oil**, a rich source of the essential polyunsaturated Omega-3 fatty acids EPA and DHA.
