Delicious gummies, rich in Omega-3 and vitamin D

Möller's has been an expert in natural Omega-3 for almost two centuries, with all its products meeting outstanding quality standards.

Möller's Omega-3 Fish Gummies contain natural essential Omega-3 fatty acids (DHA and EPA) and vitamin D, with a delicious passion fruit flavour.

Benefits

- *EPA and DHA contribute to the normal function of the heart.**
- DHA contributes to the maintenance of normal vision and normal brain function.
- Vitamin D contributes to the normal function of the immune system and to the maintenance of normal bones and teeth. Vitamin D contributes to the normal absorption and utilisation of calcium, thereby supporting the maintenance of normal bones.

* The beneficial effect is obtained with a daily intake of 250 mg of EPA and DHA.

** The beneficial effect is obtained with a daily intake of 250 mg of DHA.

MÖLLER's Omega-3 Fish Gummies **support healthy growth and the normal development of vision and the brain**.

DHA is one of the main structural components of the brain and retina and plays an important role in their optimal function, as documented by clinical research.

Möller's Omega-3 Fish Gummies contain a **high concentration of DHA**, thereby contributing to normal brain development and normal vision.

Vitamin D contributes to the normal absorption and utilisation of calcium and phosphorus and supports the maintenance of normal bones.
